DIRECTORY FORM

The purpose of the Ghent Square Community Association (GSCA) Directory is to assist neighbors with trying to contact one another for emergency purposes (noticing a leak at your property, fire, theft, etc.) It also helps neighbors contact one another for required signatures when requesting an exterior alteration. Last but not least, it helps neighbors get to know one another. Directories are not intended to be distributed elsewhere for any type of commercial purpose.

Onsite/offsite homeowners, tenants, and affiliate members names are included in the directory. If you would like your contact information included, not included, or updated, please complete and submit this form.
